

Hobby Shops in Winnipeg

This is a list of hobby shops as they appear listed under the Hobby Shops and Supplies listing in the Henderson Directories for Winnipeg from 1974 to 1987. This is not a precise indicator of when a hobby shop opened or closed. Stores may have been left off this list as well.

Note that not all of these stores sold games and/or miniatures. In some cases it may be obvious from the name that they did not. Also note that bookstores, toy stores and department stores may have carried some games and roleplaying materials as well.
